Pavilions

OVERVIEW

We offer **wood and vinyl** pavilions in three structure styles: **lean-to**, **hip**, and **A-frame**. Our wood structures are designed with unstained kiln-dried PT southern yellow pine, 1x8" pine tongue & groove ceiling, three-ply 2x10" beam headers, and 7" sq. laminated wood posts. Our vinyl structures are designed with PT pine covered in vinyl, architec-

tural shingles, vinyl ceiling, vinyl 3 1/2 x 9 1/4" LVL beams, and 8" sq. posts. All structures are designed with modern post trim, stainless steel mounting brackets, anti-rust fasteners and architectural shingles. **Our lean-to structure style** is uniquely designed with a lean-to roof, 2/12 roof pitch, and 10" roof overhangs. **Our hip struc-**

ture style is uniquely designed with a hip roof, 5.525/12 roof pitch, and 10" roof overhangs. **Our A-frame structure style** is uniquely designed with an A-frame roof, open gables with braces, 5.625/12 roof pitch, and 10" roof overhangs. We offer an extensive selection of configurable options and add-ons for each structure style.

14x16 wood A-frame with open gables with braces, functional A-frame dormer with transom windows, standing seam metal roof, privacy wall with windows, traditional deluxe post trim & rustic cedar stain

16x18 attached vinyl lean-to with shingle roof & modern post trim

20x20 vinyl hip with ribbed metal roof, vinyl ceiling & traditional post trim with mid post ring trim

12x18 hip style with vinyl material, shingle roof, vinyl ceiling, traditional post trim with mid post ring trim & electrical package

12x14 wood hip with shingle roof, exposed rafter ceiling, traditional post trim, pine nickel gap privacy wall & rustic cedar stain

Custom timberwood A-frame with shingle roof, exposed rafter ceiling, 10x10 posts & beams, white stain & attached studio enclosure

Custom attached wood hip with standing seam metal roof, traditional post trim, custom classic pergola attachment & rustic cedar stain

14x20 timberwood A-frame, open gables with braces, shingle roof & walnut stain

16x16 wood hip with shingle roof, exposed rafter ceiling, traditional post trim & mahogany stain

Covered outdoor restaurant seating. Whether attached to the building or free-standing, our configurable options allow us to build something that fits your specific needs or requirements.

Woodland Octagonal Gazebo

12x12' vinyl gazebo with a louvered cupola, screen package, superior posts & classic braces & rails

Gazebos

OVERVIEW

We offer **wood and vinyl** gazebos in four structure styles: **hip roof, A-frame roof, bell roof, and double roof**, as well as three structure shapes: **octagon, oval, and rectangle**. Our wood gazebos are designed with kiln-dried PT southern yellow pine, T&G exposed raf-

ter ceiling, and 5/4"x6" wood PT decking. Our vinyl gazebos are designed with PT pine covered in vinyl, vinyl ceiling, and 1x6 composite decking. All gazebos are also designed with a 5.625/12 roof pitch, louvered cupola, architectural shingles, 2x4" rafters, 4" sq. posts,

classic braces, classic top rails, classic bottom rails, 2x6" PT floor joists, and 4x4" PT runners. We offer installation directly on a concrete pad, deck, or patio as well as an extensive selection of configurations and add-ons for each gazebo structure style and shape.

16x18 rectangular vinyl hip with a louvered cupola, A-frame dormer, shingle roof, superior posts, classic braces, classic railings, screen package & attached deck area with step

12x16 oval vinyl double with a louvered cupola, shingle roof, superior posts, classic braces, classic railings & screen package

14x18 oval wood hip with a louvered cupola, shingled roof, classic posts, classic braces, classic railings, wood decking & unstained finish

12x12 octagon wood hip with a louvered cupola, shingle roof, T&G exposed rafter ceiling, classic posts, classic braces, classic railings, screen package and natural pine stain

12x16 rectangular vinyl A-frame with a louvered cupola, shingle roof, closed vinyl gable, superior posts, classic braces, classic railings & vinyl privacy wall
